Robertson Road Tank Maintenance

Dear Valued Customer,

Kentucky State Drinking Water Regulations require that water storage tanks be routinely taken out of service and inspected. At this time, Murray Water System will be taking the Robertson Road water tank out of service for inspection, maintenance, and re-coating. The work will take approximately 4-6 weeks starting on 9/20/23. During this time you may experience fluctuations in water pressure at various times during the day. Be assured that all measures are being taken to ensure that we deliver clean, safe drinking water to your home. For questions please contact our office at (270)-762-0336.

Thank You,

Murray Water System

Potentially affected Areas:

Gatesborough Subdivision
Robertson Rd. South
Saratoga I and II Subdivisions
Deerfield Subdivision
Falwell Estates.
